***Never Again? Discussion Questions***

1. Why do you think Irving Roth says antisemitism begins with words?
2. Why do you think the propaganda and the images the Nazis used to demonize Jewish people worked?
3. How does antisemitism and Jew hatred act like a canary in a coal mine? What do you think it means to be a “canary in the coal mine”?
4. Do you see any similarities between the Nazis and radical Islamists blaming the evil in the world on Jews? (Think about Kasim’s testimony.)
5. What do you think Israel, the only Jewish state, means to Irving and other survivors of the Holocaust? What do you think Israel means to Jewish people your age?
6. What ways can we, as Christians, make sure “Never Again” means “Never Again”?
